Developmental Medicine and Child Neurology

Volume 10 1968

INDEX

Authors and subjects of articles in the body of the Journal are indexed together. Abstracts are included in the general index and listed under both subjects and authors, with '(abstr.)' at the end of the title. Letters to the Editor are indicated by the symbol '(L)'.

KEY TO ISSUES AND PAGES

Issue	*Pages*	*Issue*	*Pages*
No. 1	1–142	No. 4	419–552
No. 2	143–284	No. 5	553–694
No. 3	285–418	No. 6	695–836

ABERCROMBIE, M. L. J.: Some notes on spatial disability: movement, intelligence quotient and attentiveness, 206
— LINDON, R. L. and TYSON, M. C.: Direction of drawing movements, 93
ABERFELD, D.: The syndrome of congenital ptosis and developmental abnormalities of the first visceral arch, 491
Abortions, human, of known chromosomal constitution, anatomical findings in (abstr.), 141
Accidents in childhood, 129 (L)
Achondroplasia, neurological abnormalities in, 104
Acid monoamine metabolites in experimental hydrocephalus, *Suppl. 15*, 58
ACKERMAN, G. A. *See* KONTRAS, S. B., 417
ADAMS, M. S. *See* NISWANDER, J. D., 692
Adolescence, evaluation of physical maturity at, 338
Adolescents and young adults, cerebral palsied: prevalence in, of scoliosis, 447
Adults, young, and adolescents, cerebral palsied: prevalence in, of scoliosis, 447
Agenesis, of corpus callosum, 613
— vertebral (abstr.), 694
Agnosia, visual, in childhood, 377
Albert Einstein College of Medicine, New York City: comprehensive health care programme for poor children, 784
Alcohol, dilute in treatment of spasticity at the motor point or by epidural route, 555 (correction, facing p. 836)
ALEPA, F. P. *See* YOKOYAMA, M., 417
ALLOTT, D. C. *See* LORBER, J., *Suppl. 15*, 30
Alpha activity, asymmetry of, in children, 77
Alphabet, initial teaching, and educationally subnormal children, 200
American Academy for Cerebral Palsy, annual meeting, San Francisco, 1967: abstracts of papers presented at, 247
Amitriptyline, or imipramine, in treatment of enuresis in backward children (abstr.), 693
Ammonia, blood, high, absence of, in experimental and genetic phenylketonuria, 364
— content, of blood-serum in brain-damaged children (abstr.), 694
Amniotic fluid, cytology of: a new test for fetal maturity (abstr.), 411
ANDERMANN, F. *See* CELESIA, G. G., 417
ANDERSON, R. B. *See* ROSENBLITH, J. F., 322
ANDERSSON, H.: Acid monoamine metabolites in experimental hydrocephalus, *Suppl. 15*, 58
— BJURSTAM, N., CARLSSON, C.-A. and ROSENGREN, K.: Lumbar pneumoencephalography in newborns with myelomeningocele, *Suppl. 15*, 17
— and LÖGREN, J.: Hydrodynamic evaluation of shunt performance in hydrocephalus, *Suppl. 16*, 30
ANDRÉN, L. and HALL, B.: Increased curvature of the ilium: a new roentgenological sign of mongoloid pelvis, 781
Anencephalus, incidence and causation, 527 (correction, facing p. 836)
Anencephaly and spina bifida cystica cases, abnormalities in parents and sibs of, *Suppl. 16*, 107

ANNOTATIONS
Anencephalus, incidence and causation, 527
Arthrogryposis multiplex congenita, 109
Ataxia in childhood, 388
'At risk' registers, 384
Bender face-hand test, 240

Brain biopsy in infancy and childhood, 107
Cardiac arrhythmia in premature infants, 239
Cerebro-hepato-renal syndrome, 236
Cerebrospinal fluid, passage along spinal nerves, 525
Craniosynostosis, 789
Denver developmental screening test, 796
Developmental factors and antibiotics, 237
Diabetes, potential, and the fetus, 524
Early malnutrition and later intelligence, 233
Exchange transfusions, future demise of, for neonatal hyperbilirubinemia, 521
Growth in mentally retarded children, 390
Handicap, continuing registration of, 235
Herpes simplex encephalitis: treatment with an antiviral agent, 665
Homocystinuria, 792
Maple syrup urine disease, 522
Mental retardation and dental abnormalities, 795
Minor epileptic status, 394
National Institute of Child Health and Human Development, 530
Newborn infants, classification by weight and gestation, 667
Neurological abnormalities in achondroplasia, 104
Nitritional management in hereditary metabolic disease, 103
Obesity, prevention of, 391
Proteus meningitis, 392
Puncture porencephaly, 233
Radar technique and echoencephalography, 794
Risks to the sibs of stillborn children, 662
Seizures of spinal origin, 528
Smith-Lemli-Opitz syndrome, 663
Surgical procedures in congenital adrenal hyperplasia, 105
Temperament in the child's development, 101
Use of Piaget's developmental psychology in mental retardation, 666
Antibiotics, and developmental factors, 237
Anticonvulsant therapy, folic acid deficiency from, 497
Anxiety, in the third year of life, a frequent factor in the origins of primary nocturnal enuresis, 465
Arch, first visceral, abnormalities of, and congenital ptosis, 491
Argyll, and Glasgow, children in the mental deficiency hospitals of, 366
Arhinencephaly, encephalocele and 13–15 trisomy syndrome with normal chromosomes (abstr.), 281
Arthrogryposis multiplex congenita, 109
Arts and science students, contrary imaginations of, 461
ASAI, A. *See* HEMMER, R., *Suppl. 15*, 85
ASHER, P.: Prevention of obesity, 391
Ataxia, acute cerebellar, associated with herpes simplex virus infection (abstr.), 834
— in childhood, 388
— test battery, new quantitative (abstr.), 282
Athetosis, development of, 441
'At risk' registers, 384, 651, 678 (L), 813 (L) *See also* Risk Registers
Atrophy, muscular, juvenile spinal, 617
Attentiveness, in spatial disability, 206
AUDIC, B. *See* MASSE, P., 159
Author, the: his article, his department, 1

Back, study of congenital malformations of: spinal dysraphism, 471
BALL, C. *See* YOKOYAMA, M., 417
BALMER, S., HOWELLS, G. and WHARTON, B.: The acute encephalopathy of kwashiorkor, 766
Balvicar Centre, Glasgow, first year at, 121
BAUM, J. *See* MARKS, J. F., 833
BAX, M. and MACKEITH: Children, doctors and society, 553
BECHTELSHEIMER, H. *See* TELLER, W., 139
Behaviour disorders in handicapped children, 736
— perceptual-motor, in relation to blood phenobarbitone level, 626
— sequelae, of California encephalitis virus infection in children, 331
— verbal, of hydrocephalic children, *Suppl. 15*, 74
BEKS, J. W. F. *See* GO, K. G., *Suppl. 16*, 100
BELSHAM, A. *See* HUTT, S. J., 626
Bender face-hand test, 240
BENUA, R. S. *See* LORENTZ, W. B., 280
BERENBERG, W.: Cerebral palsy and the engineering sciences, 695
BERNSTEIN, BASIL, work of, on language and speech of lower-class children, 600
BERRY, C. L. *See* BRETT, E. M., 263 (L)
BICKNELL, J. *See* KIRMAN, B. H., 57
BIERY, B. *See* HOEFNAGEL, D., 32
BIRCH, H. G.: Health and the education of socially disadvantaged children, 580
Birth injury, excretion of phenylacetyglutamine in the newborn with (abstr.), 694
Birthweight low, children of, infantile spasms in, 36
BJURSTAM, N. *See* ANDERSSON, H., *Suppl. 15*, 17
Bladder, pathophysiology of, in myelomeningocele, and neurological picture, *Suppl. 16*, 76
BLENNOW, G., GAMSTORP, I. and ROSENBERG, R.: Encephalo-myelo-radiculo-neuropathy, 485
BLIGH, A. S. *See* LAURENCE, K. M., *Suppl. 16*, 107
Bloch-Sulzberger syndrome. *See* Incontinentia pigmenti
BOLDREY, E. E. *See* MILLICHAP, J. G., 278
